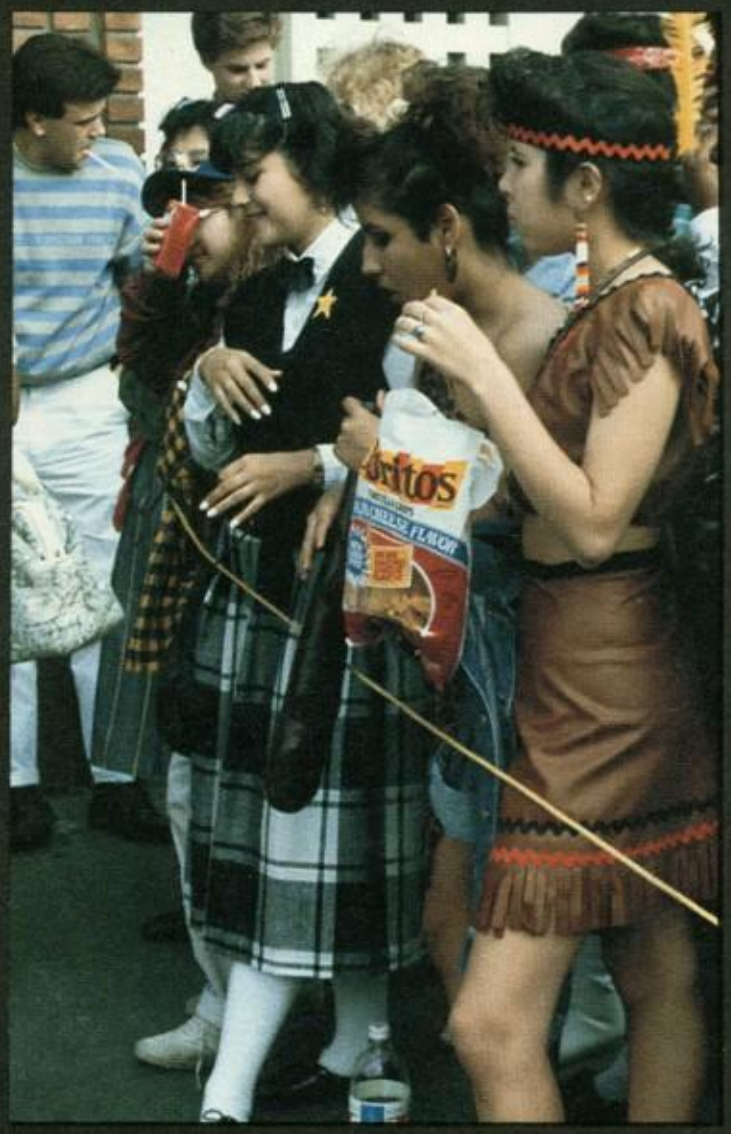
Great Times



The magic, the fantasy, the dream, all are remembered through the memory of time. Think back to times of pleasure, joy and wonder, at what we have accomplished in our lives. We have come so far in our journey. As beautiful as a carrousel that goes around in a circle passing through its ups and downs, we too experience the passing of our cycles through the highs and lows.

The years we spend in high school are a wonderful part of this marvelous time. Our experiences as freshmen start with the feeling of being new, stand still, low on the scale, afraid to speak, wondering what it would be like to be a senior. Asking will we ever make that step in life. Our imagination breathes life into this marvel. Our fantasies come into play, our dreams become answered, we look to the future of becoming a senior and the reality that it is four years away.

As a sophomore, we are more sure of ourselves and we are riding high on the winds of time. We start to see what we can do to make the school ours.

As a junior, each of us looks to the future, where will we go, what will we do. We start to make plans to leave our school. Our fantasies and dreams start to become solid realities. There is a sadness as we get ready to say good-bye.

As a senior, all of what life has to offer becomes the magic that has filled the past four years and especially this moment in time. We are moving forward and victory is in our path. We have conquered high school and all its challenges. Now there are new dreams and fantasies that come into play.

The years we spend with one another are filled with the greatness of the magic, the fantasies and the dreams of what our lives are to be. The battles have been won, the victory is ours, each will be remembered as this carrousel moves forward. "Less than a drop in a great blue motion of the sunlit sea. But it seems some of the drops sparkle AND OH! HOW THEY DO SPARKLE!!!!!!"

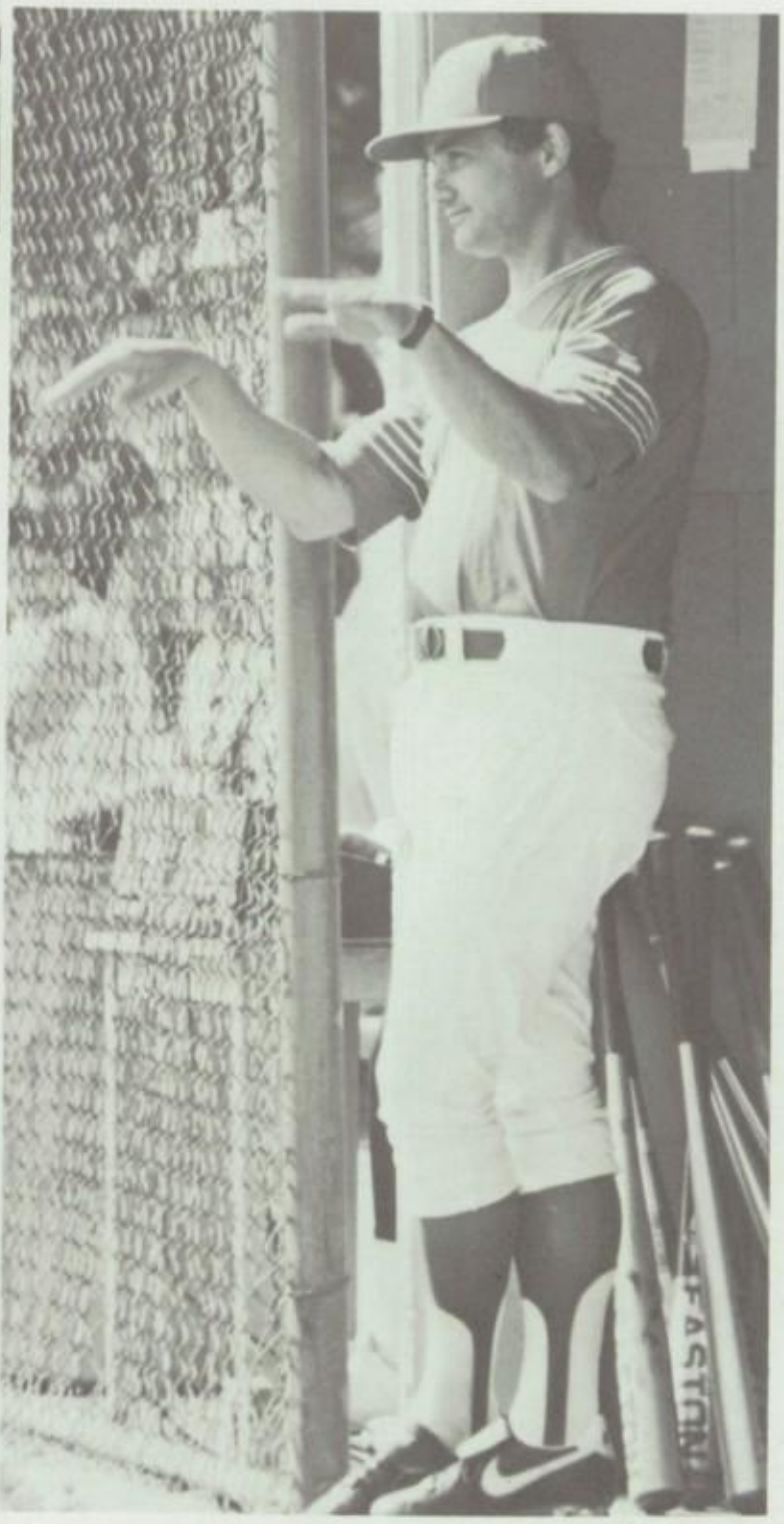
VARSITY BASEBALL '86

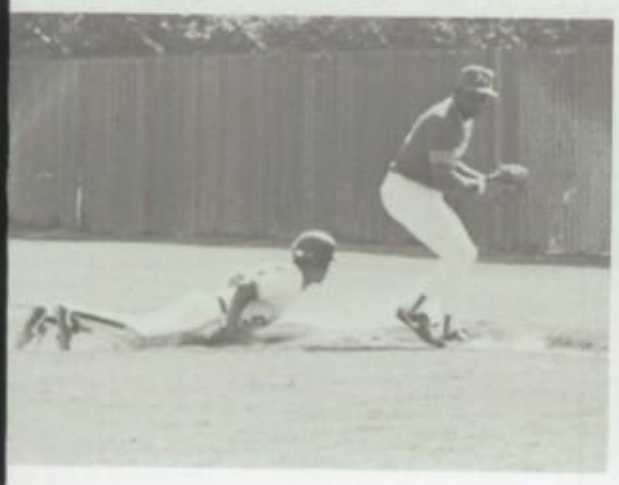
As Jason Rocha awaits the ball, the other team gets a head start.

Although the season began with a potential for greatness, the baseball team found the road one filled with difficulties. There were many ups and downs and it became hard to place the team under. The '86 baseball team was young and inexperienced. Jose Frometa, John Leonard and Michael Hollon were the only returning to Varsity level.

The team promised achievements and worked hard to bring home the experience it would need for the following year. The potential to win and win hard is now gone but the team of '87 with Greg Leon, Steve Davis, Jeff Olivas and Carlos Frometa, promises to be the best team Pius has seen in many years.

The team honors went to Jose Frometa, second baseman, and Michael Hollon, center field; both were 1st team All Angelus League with Steve Davis making 2nd team. We look to see Steve make 1st team in '87 along with Leon, Olivas and Frometa. The team will have a new coach and a new beginning with experience.





VARSITY TRACK '86

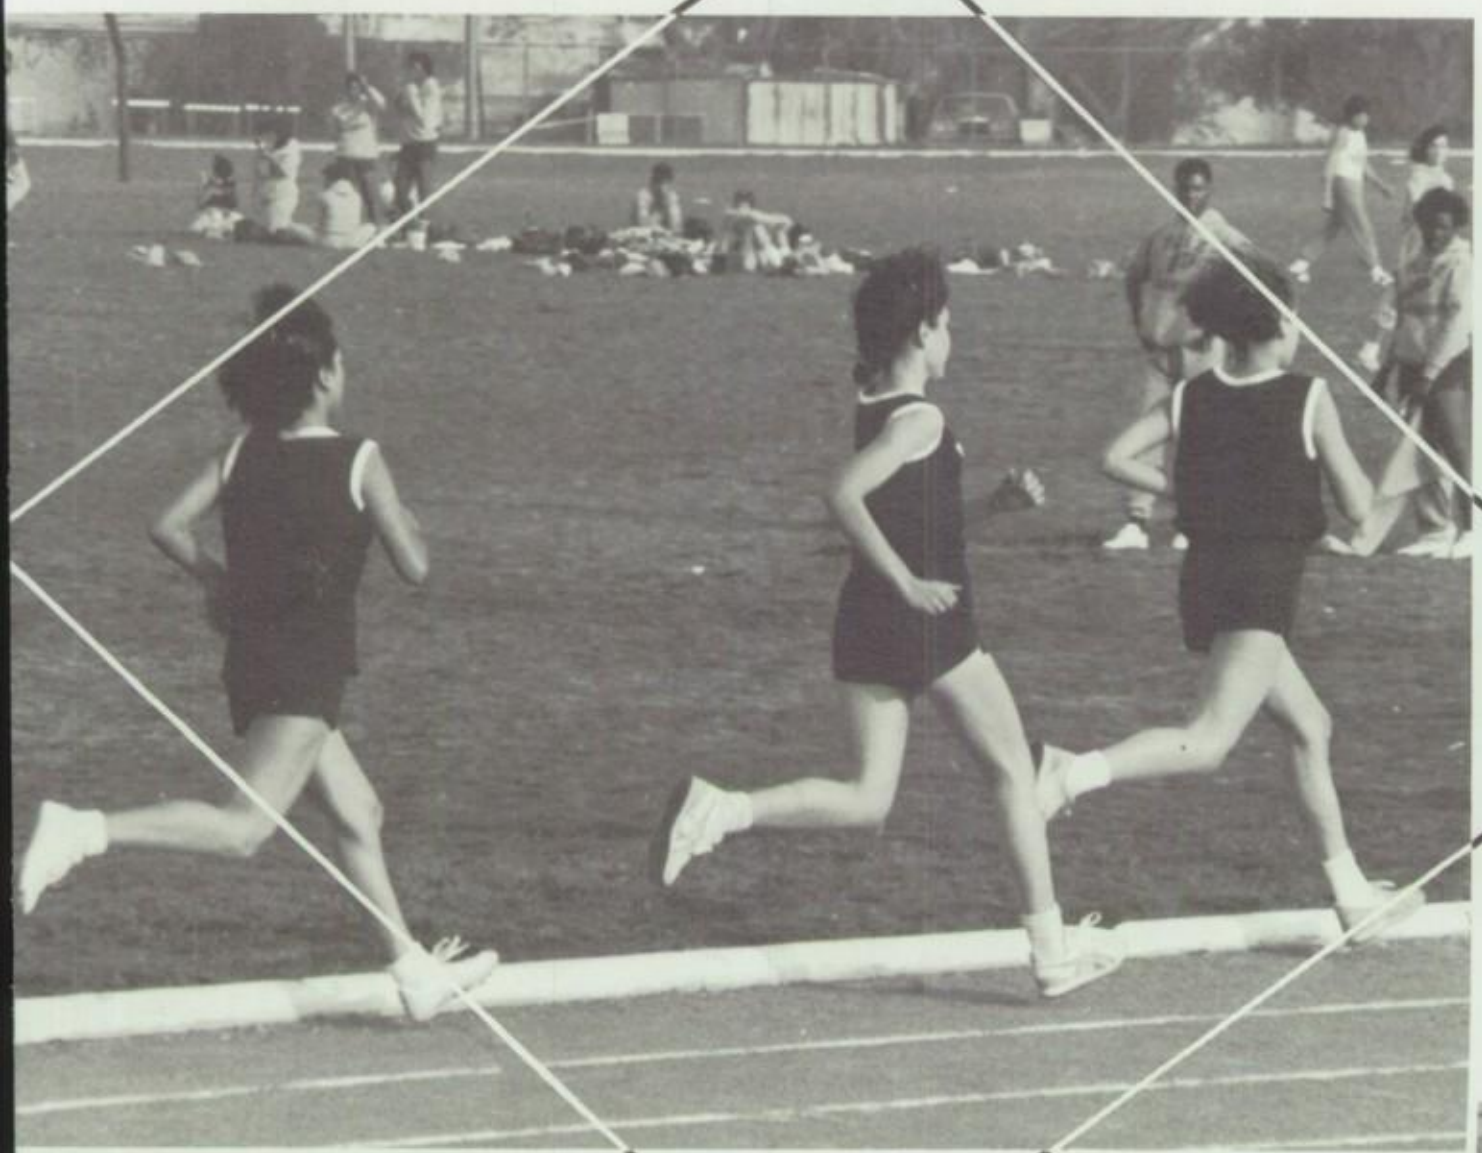
This year's track team has proven that victory can be achieved through hard work and sweat! The team has put Pius back on the map in Angelus League competition.

The team is composed of four girls; Lisa Hickman, Stevoni Lee, LaVerne Patterson, and Desiree Bracey. Earlier in the season the unfortunate injury inflicted on Michelle Green kept her out of the CIF relay. Lisa Hickman, the team's alternate, took Michelle's place. These four girls under the supervision of Mr. Mike Vitale strived long and hard and placed eighth in the CIF finals.

The other members on the team deserve the same recognition: Colette South, the division champion in the 300 low hurdles, Nancy Alvarez and Anne Marie Williams the team's endurance runners.

The team worked as a whole and proved that "WE CAN DO IT!" We are very proud of these Lady Warriors and without their dedication and pride, Pius would still be a "pit stop" for other teams in the League. They have proven that with sacrifice success is sure to follow!!

Pius girls, the winners of CIF regionals.



We are such a fun loving team!

Desiree making the step for a win at the long jump.

Kim Mada, pitching straight innings, giving Pius a key spot on the Angelus team.

The girls ready to party after a hard win.

Is she safe or is she out!?

Anne-Marie comes to support her friends and fellow team-mates.

VARSITY SOFTBALL

The Varsity Teams, here at Pius, work to bring glory to the school, but the spring sports find it hard to be recognized by the student body. The teams still remain motivated though. In looking at the girls varsity softball, Mr. Santisteven will be looking to fill the space of his pitcher and short stop. Both positions were all Angelus League. The players on the team work as a unit with hard concentration and dedication.

The team lost 3 seniors but has many returning players to make the team work well together. They are ready for the competition. The teams Mater Dei and St. Joseph's, have always been the teams to beat. The teams' goal was to take the advantage of their opponent's weakness and make it their win.

Friendships are made with lasting commitment to one another. The '86 softball team brought many joys of victory to the school. It will be sorry to say good-bye to those who have left, but the ones to keep the team going will bring a better year in '87.

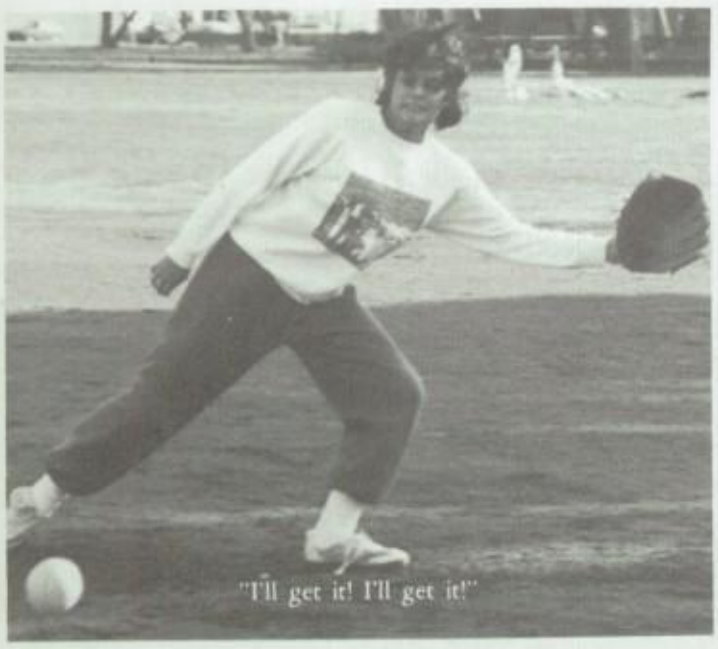
Softball

Softball is a game of great skill, concentration, and accuracy. The girls at Pius X do not play for the glamour of the sport, but the competition. Diving, slising, and "getting down to earth," is what the softball-playing Lady Warrior is all about. Led by Coaches Santisteven and Riley, the girls are looking forward to a winning season. Coach Santisteven notes that although the team is young, all of the girls have a winning attitude and are seeking a league title. Throughout the season the girls will be striving to perfect their skills of base running, batting, and each girl's own playing position. This spring sport gives each player a chance to be an individual within the team. The 1987 Lady Warrior Softball Team will be one of greatness.

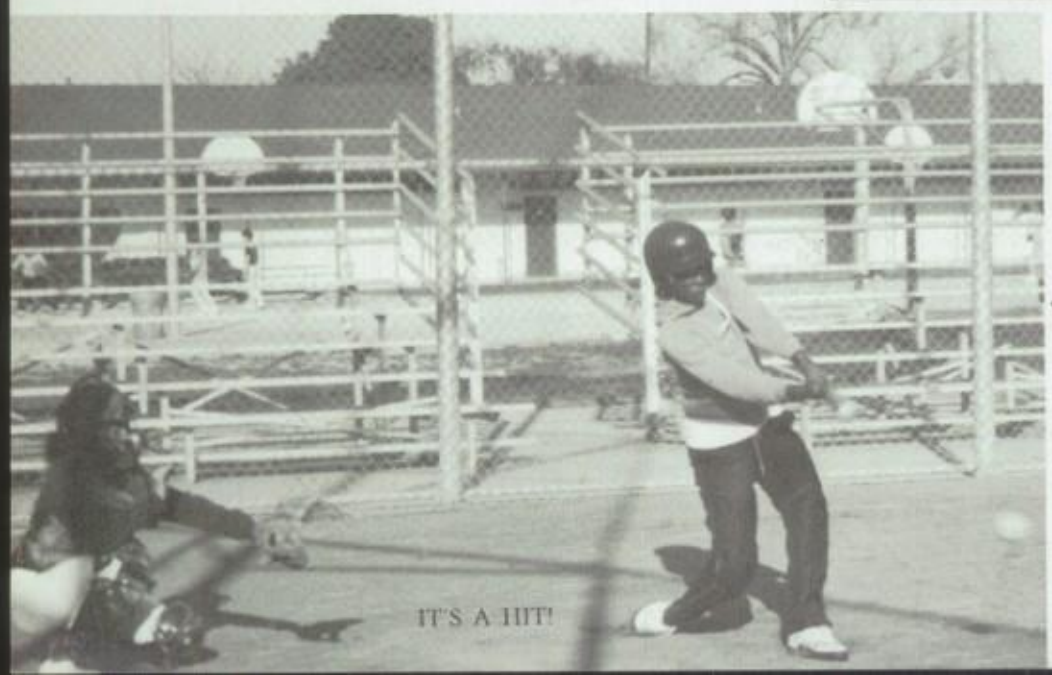
"We can handle the competition."



"I'll get it! I'll get it!"

"Come on, throw the ball to me!"

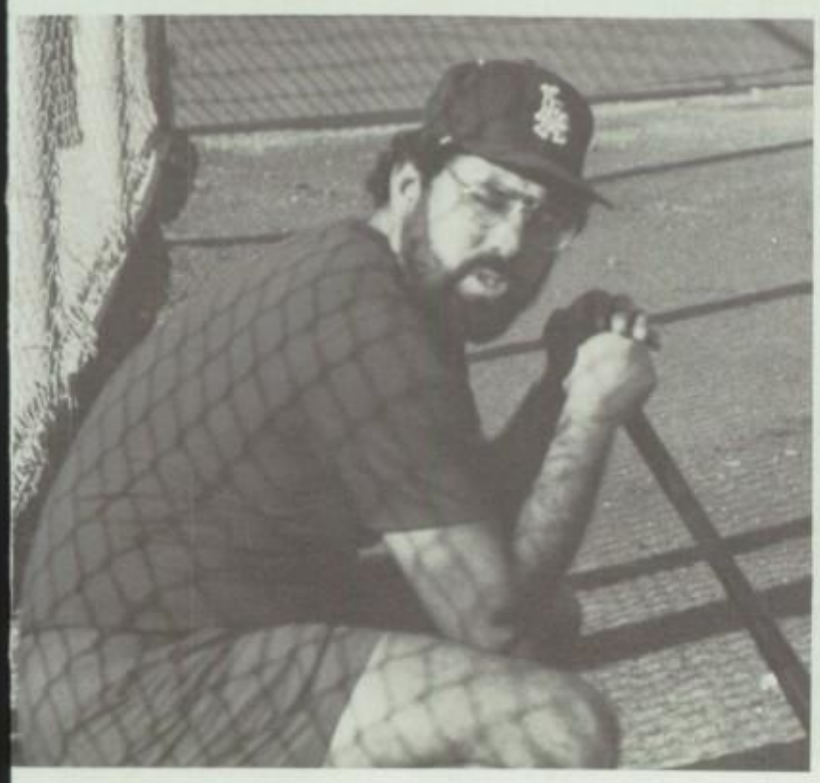
Standing around waiting impatiently to show their stuff.



IT'S A HIT!

Give it all you can, Seaneen.

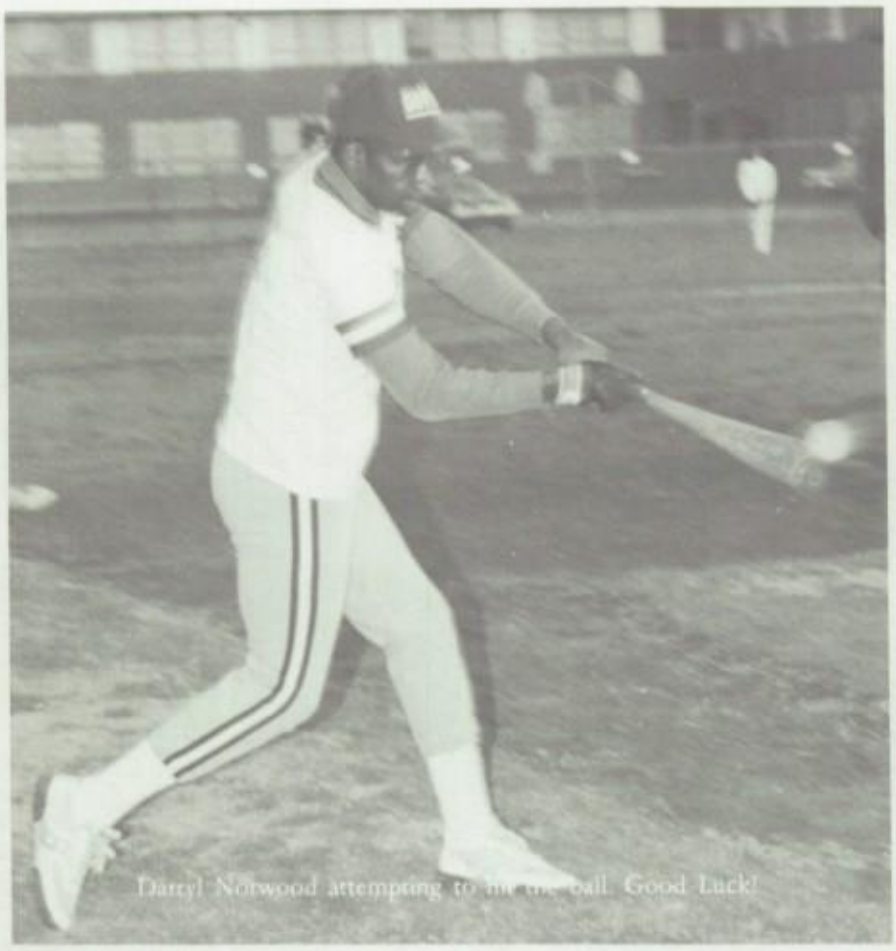
Francis paying close attention to the advice being given.



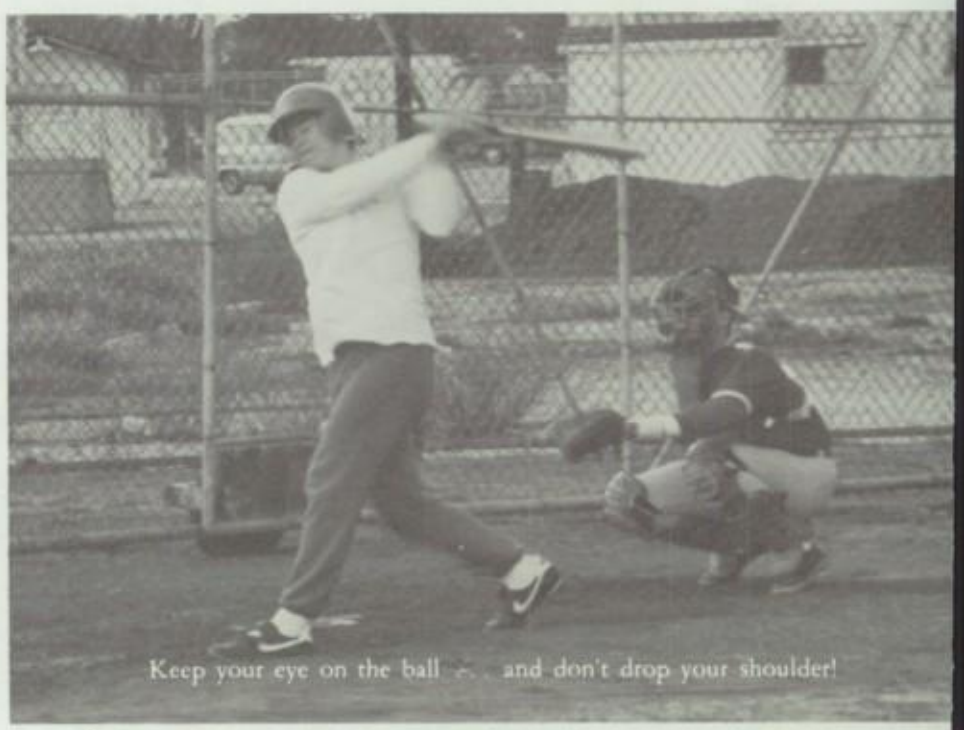
Don't fall asleep, Santisteven, they need your coaching.

Great catch Michelle.

Baseball



Daryl Norwood attempting to hit the ball. Good Luck!



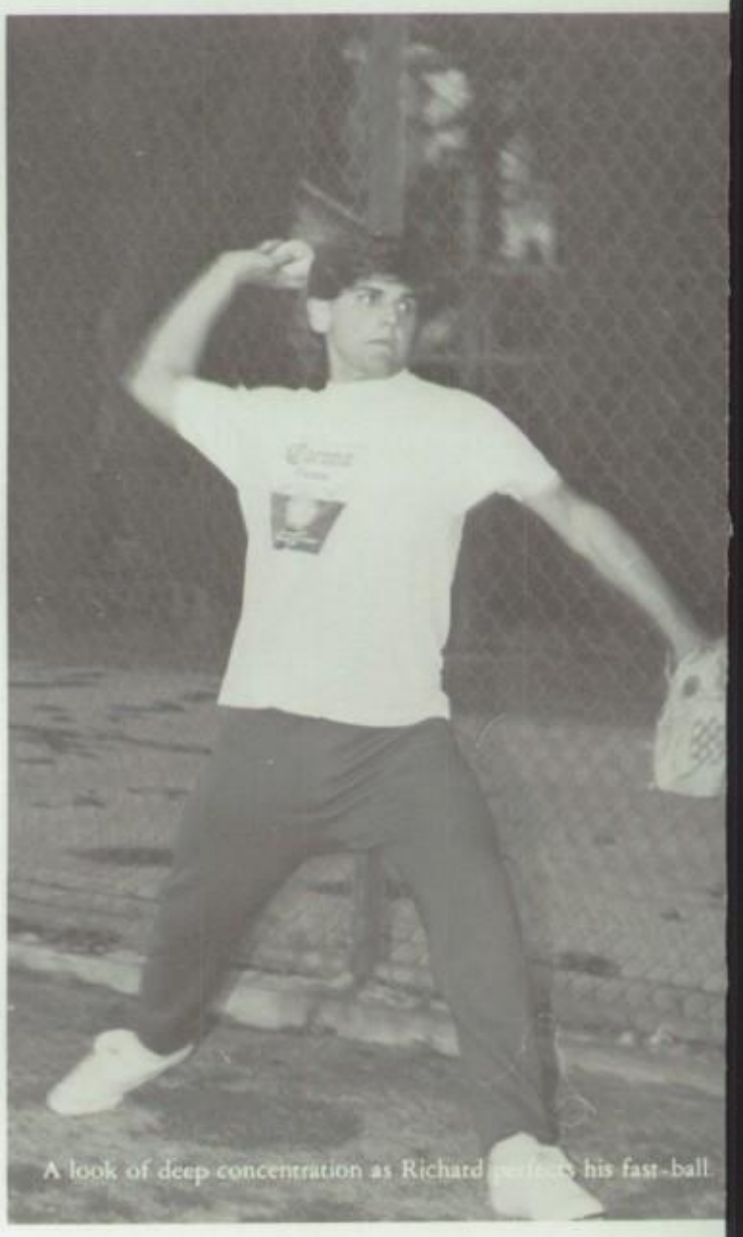
Keep your eye on the ball . . . and don't drop your shoulder!

Winter season is over and spring games begin to emerge. Out on the field, one can hear coach Carr's voice giving his athletes confidence to follow through and quicken their pace. The sound of shoes thundering on the grounds as the baseball players warm up for practice. Trully, baseball is in the air.

Thus the rigorous training begins. The varsity team is at their best. Their potential and confidence will help develop a unified team. Varsity baseball coach, Mr. Carr, is determined to win all games. This year's team include players such as Greg Leon, Daryl Norwood, Jeff Oliva and many more who are willing to play their best at all times. The team's all around player Yukie Hawkins is practicing hard in order to better the team's efforts. It is the combination of all players that can predict the outcome of the team. There is no question to their determination to win all their games.

As the varsity team warms up for the upcoming season, close by are a group of young, new faces. We are proud to welcome back the JV baseball team this year. The JV baseball coach, Mr. Person, has predicted that "playing in the Angelus League is always tough . . . but he and his team will play hard at every pitch played!" His goals are to become a successful team in the areas of academics, sportmanship, and desire to play well. With this year's team he is striving to attain it all "through hard work on and off the field." The players' practices are long and hard.

Together both teams help the spirit of the warrior teams come alive. Not only developing their physical ability but also their intellectual potential. These elements that help keep our school diffrent and special from others.



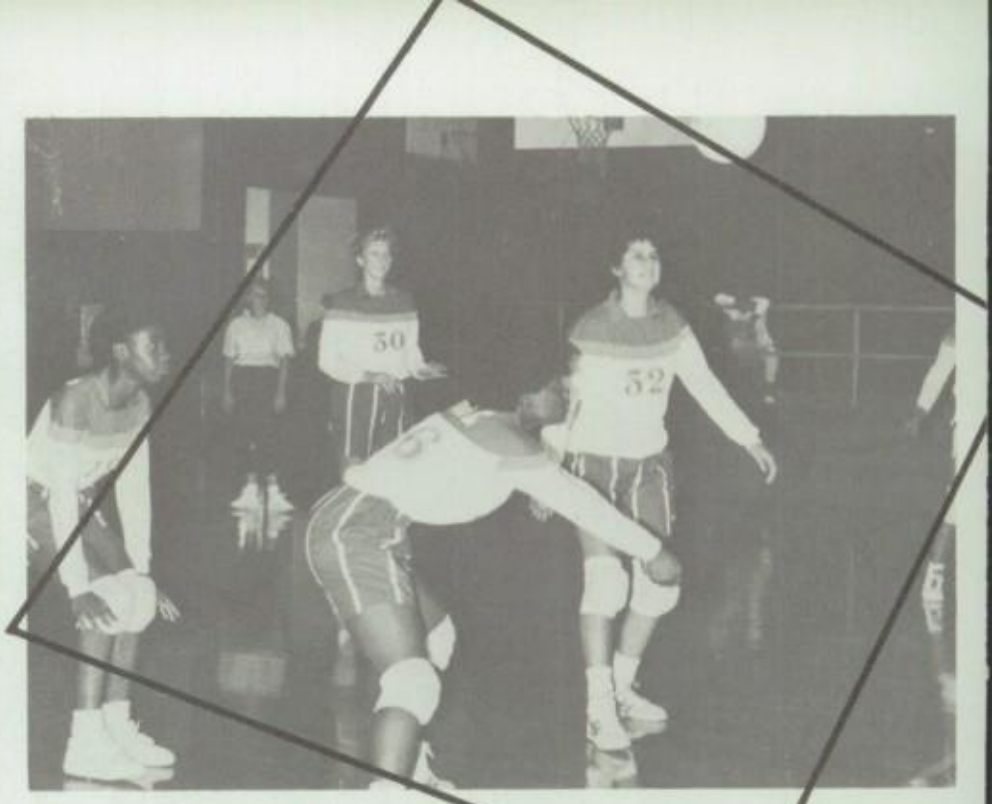
A look of deep concentration as Richard [illegible] his fast-ball.

Communication in the outfield is necessary in avoiding collisions.

Come on — right in the pocket!

THE END!!

Varsity Volleyball



"Winning isn't who makes the most points, it's playing to one's potential." With this positive attitude of the team, th Girls Varsity Volleyball team made an all out effort to succeed. They started their pre-season off with an eight game winning streak and won the Consolation Award in the Artesia Tournament. As the girls entered league play, they knew their competition would be tough. There were a lot of ups and downs but the girls stayed enthusiastic throughout the season. There were strong efforts made by all the girls. This year the team had the opportunities of playoffs so they continued to give the game the best they could. With the season ending in early November, the girls stood 4 and 6 in league play. They placed fourth in Angelus League and made C.I.F. play-offs as a wild card team. The team captains were Adriane Webb and Sheila Pautsch. They kept the team on there toes and ready for anything that would come in there way. As the girls entered playoffs, they took on Hueneme High School. Although they lost in the first round of play-offs, the team was proud to be a part of C.I.F. play-offs and to represent Pius. It had been 4 years since the last time Pius competed for the C.I.F. championship. The Lady Warriors showed just how strong a competitor they were. Even though the opportunity of being C.I.F. Champions is still a dream, it can be achieved with hard work and discipline which this year's team had proven.

Top row (left to right) Raquel Glenn, Sheila Pautsch, Desiree Bracey, Eileen Byrne, Monica Mendoza, Adriane Webb. Middle row: Coach Joyce Riley, Debbie Aranda, Cathy Mendoza, Marilyn Pellot, Tina Mendoza, Manager: Seaneen Smith. Bottom row: Julie Davis, Andrea Ramirez.

Pius X 1986 Warriors

As each year passes, we see new life emerge from the dust of years gone by. Athletics competition has always been reguarded as a worthy compliment to academics. The game of football has it origins in the British game of Rugby. Rugby is played with an elliptical inflated ball can be kicked, passed or carried down the field. The game we know as football didn't come into its own until men like Knute Rockne, famed Notre Dame Coach, brought to lite his fighting Irish, George Halas, Coach of the Chicago Bears, who alone is said to have built football into a national sport, & Vince Lombardi, famed Coach of the Green Bay Packers. These men and more brought football to national prominence throughout this country.

Today football is played in every high school in the country. Under the new direction of Head Coach Clark Bruner, the Warriors, have started to emerge on the field of athletic competition. The Warriors came in with a league record of 4-3. Some of the old tarnish from the Warriors armor has come to shine once again. Coach Bruner with his staff-Kuri, Barone, Gallegos, Curi and Macke, gave the Warriors that fighting edge they needed. It came down to one play and one game with St. Anthony's. Pius showed pride in the win of a good season.

The season ended with outstanding accomplishments by Lamont Hollinquest DB, Jose Duran DL who made first team Camino Real League. Second team honors went to Ernesto Esparza WR, Cecilio Gonzalez OL, Marquette Penniman as both OL and DL, and Jason Frierson RB, with 819 yards and 14 TD for the season. Honorable mention goes to Yuki Hawkins with 1174 yards passing and a 49% completion range.

To the men of this game, with honor and pride. WE SALUTE YOU! WE ARE THE Pius X WARRIORS!!!

Long range efforts by the Cross Country Team, as everyone knows, were an unbelievable feat. The girls team became the team to make a difference. Their determination attained for them a CIF Championship cap. It was the first time ever for Pius Warrior Cross Country ladies to win in the Angelus League.

This year's girls were led in excellent performances by Colette South, senior, Tiffany South, junior, and Julie Lane, a sophomore. Their constant hours of practice and pain gave a reward of honor to the Lady Warriors. The girls made the play-offs and came in third place, which was an excellent place for a first time performance at the CIF Final.

The boys team, led by Edgar Aranda, junior, was one of the top ten finishers in the league. There was tremendous improvement made by all the members of the team. The Warrior Men were a young team with little experience. This team will emerge as a force to be running against in the years to come.

"A simple matter of encouragement gains one selfrighteousness," says Mr. Vitale to his team. "This team has self-interest, selfreliance, and self-respect making for them the winning combination of the League Cinderellas."

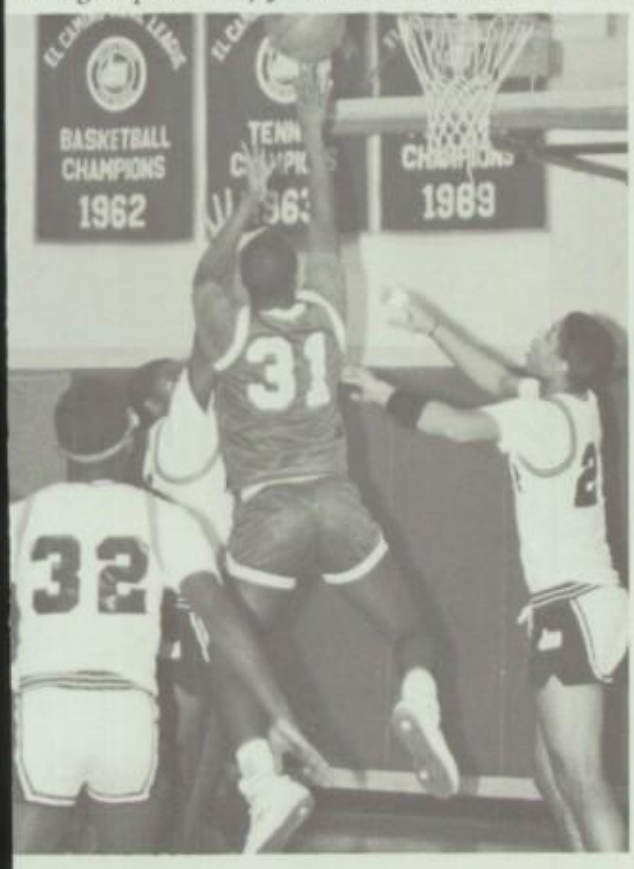
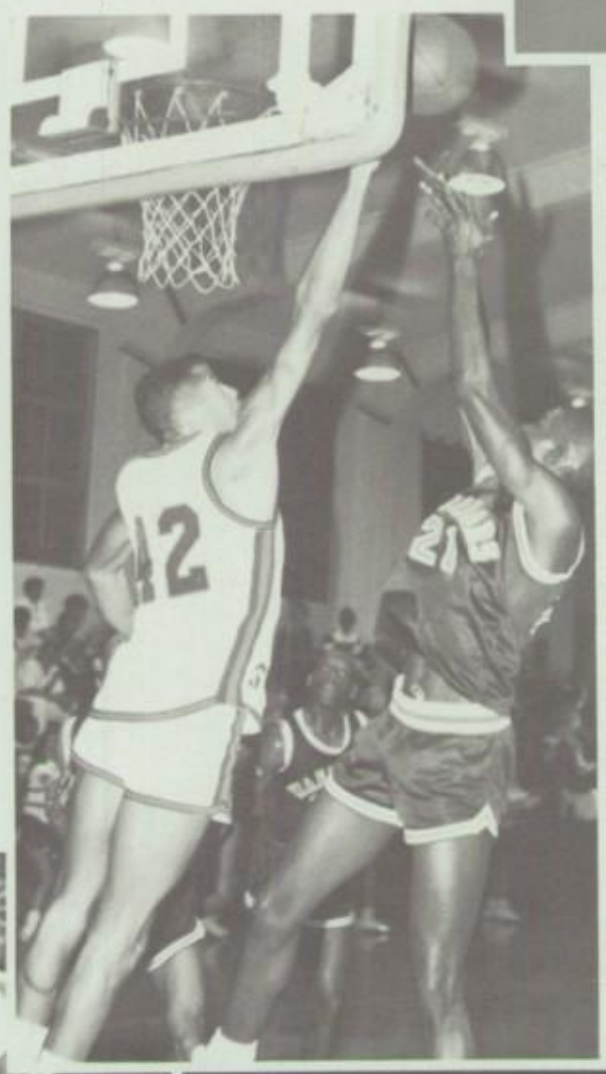
Varsity Boys' Basketball

Nothing stops Anthony Jenkins as he drives to the hole.



Even with pressure John still gets the shot off with good form.



The year started like any other. The boys worked through the summer with various summer games, had a chance to go to the University of Nevada at Las Vegas, to have the opportunity to compete against schools that are of a different caliber than what can be found here in Southern California. As the summer progressed, something became more and more awaring, that this team had talent and can do things that no other team from Pius could never do. If this team could pull together and work as a true team, they could go beyond the limits of the CIF or State.

This year's team has been working together for the past three years off and on. Together they possess an uncommon ability to accomplish what no other team can. Anthony Jenkins, a senior, 6'4" averages anywhere from 24 to 27 points a game. Jenkins is an agressive player out on the court. As center for Pius, he can out jump the tallest player in the Camino Real. He has uncanny ability of being able to hit each shot he makes from anywhere in the key. Lamont Hollinquest, a junior, 6'4", is the enforcer of the game. He makes sure that if there is a ball to be had, he has it. Lamont averages anywhere from 10 to 15 points per game with 5 assists, Hollinquest shows anyone who is going to force his way on to the court, that they will have to contend with him. Earnest White, a senior, 6'0", is the pentrator, who works the floor. He can be the point guard one minute and the next be there to assist on a rebound. Earnest has come a long way through the program. He loves the victory.

The other members of the team contribute so much also that without them there would be no team. The team has come through its early season injuries and has had to make adjustments that have proven that this team is phenomenal!

Girls' Basketball

Varsity

Pius has had a very successful year with its girls varsity basketball team. The Lady Warriors have shown their full potential at every game. The success of our team is due to their extreme dedication. This is the main difference between Pius and other schools. We work as a family and for a cause. This cause being the pride of our school.

The unity of our girls have won them many victories but we must also give credit to the varsity coach, Mr. Santisteven. Through his excellent coaching, the team has not only gained victories but also self-confidence, pride, and enthusiasm.

Like true athletes, these girls put in long hours of pratice. For them, a game is not simply a victory for themselves but one for the school. These girls have been practicing ever since the summer where they came to lift weights, run the track and have aerobic classes in order for them to have the endurance to achieve a victory. Putting in one hundred and ten percent of their time was nothing for them as long as they gained something from it, which they did. During their pre-season they place third in the Christian Valley Tournament and second in Cerritoes College Tournament. They also won victories to Downey Paramount, Inglewood and many more.

The Lady Warriors have gone through many hardships but they have triumph at the end. These girls have brought pride and unity to our school. There loses have brought them dedication and dedication has won them victories.

Track

A brand new year brings about new opportunities for the track team to again challange opposing teams. These athletes have shown their determination to be successful along with their use of skill and positive attitudes. This year's team consists of 29 members coached by Mr. Vitale, Robert, Hugo, and Oscar Navarez; with Mr. O'Donnell doing High Jump and Roman Mendoza with Long and Tripple Jump.

These coaches feel very optomistic toward the team. But even with their optomistic views, external influences have had an impact on their performance. In the beginning of season, the weather disturbed the practice sessions. They included extreme cold days followed by rain, this interrupted their concentration.

When hours for workouts took place they included streneous exercises such as weightlifting, jumping hurdles, long distance running and various stretching techniques. But as always, the team's ability to adjust to opposing obstacles has allowed them to remain competative and successful.

"KICKING OFF" TO A NEW START

Soccer is an old friend which has come back into our athletic program. This year's team has gotten off to a slow start. There has been a lot of hard work and sweat put into their practices. The team is very eager, yet very young. This team is filled with many talented and determined players, all of whom are willing to improve and learn from their mistakes. These are a group of guys that have what it takes to make the difference in whatever they do. With the full cooperation of each member, the team brings the focus of each practice on each game onto a battle that can be conquered. They are young, yet strong, determined, and willing to help themselves and their teammates. The coaches Mr. Contreras and Mr. Palomo have helped the team with the developement of their skills and have taught them new tactics to use on their journey to become number one!

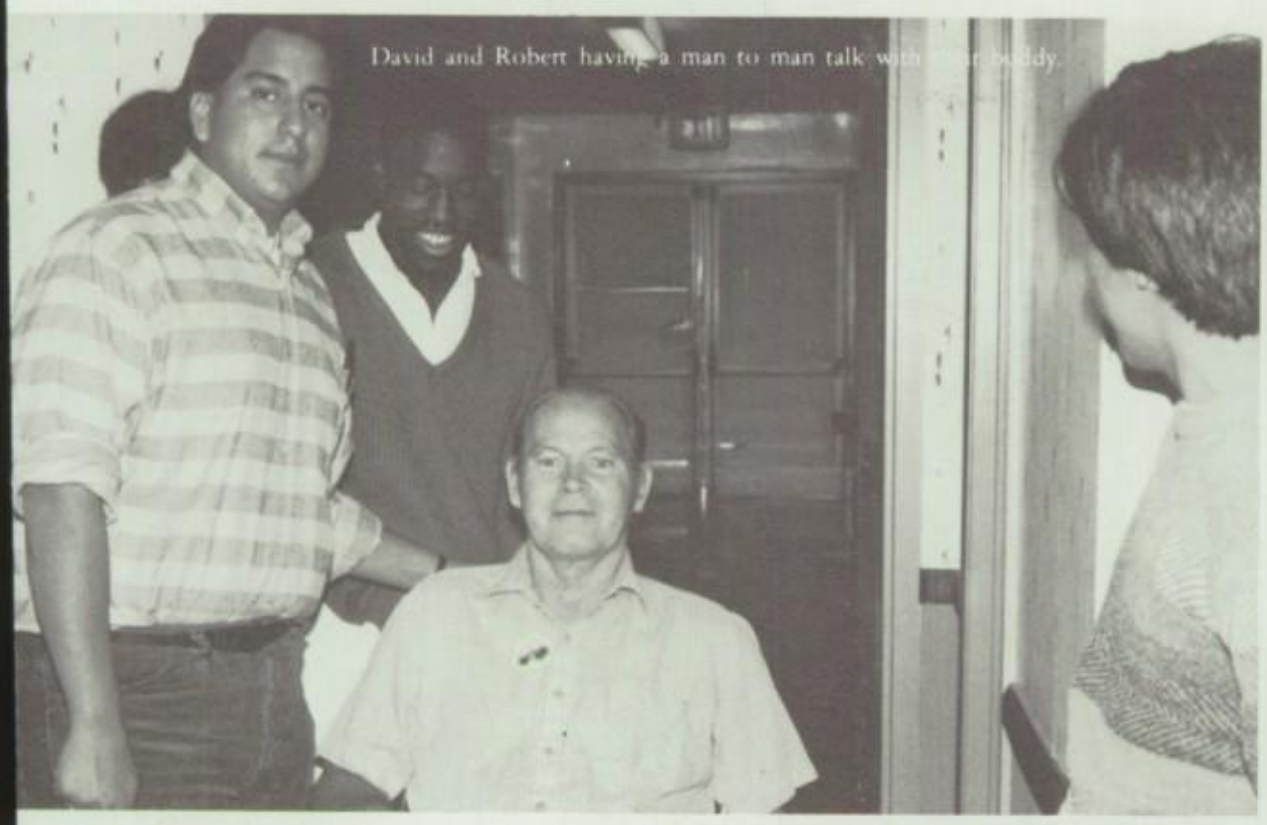
Love With Others



David and Robert having a man to man talk with [illegible] buddy.

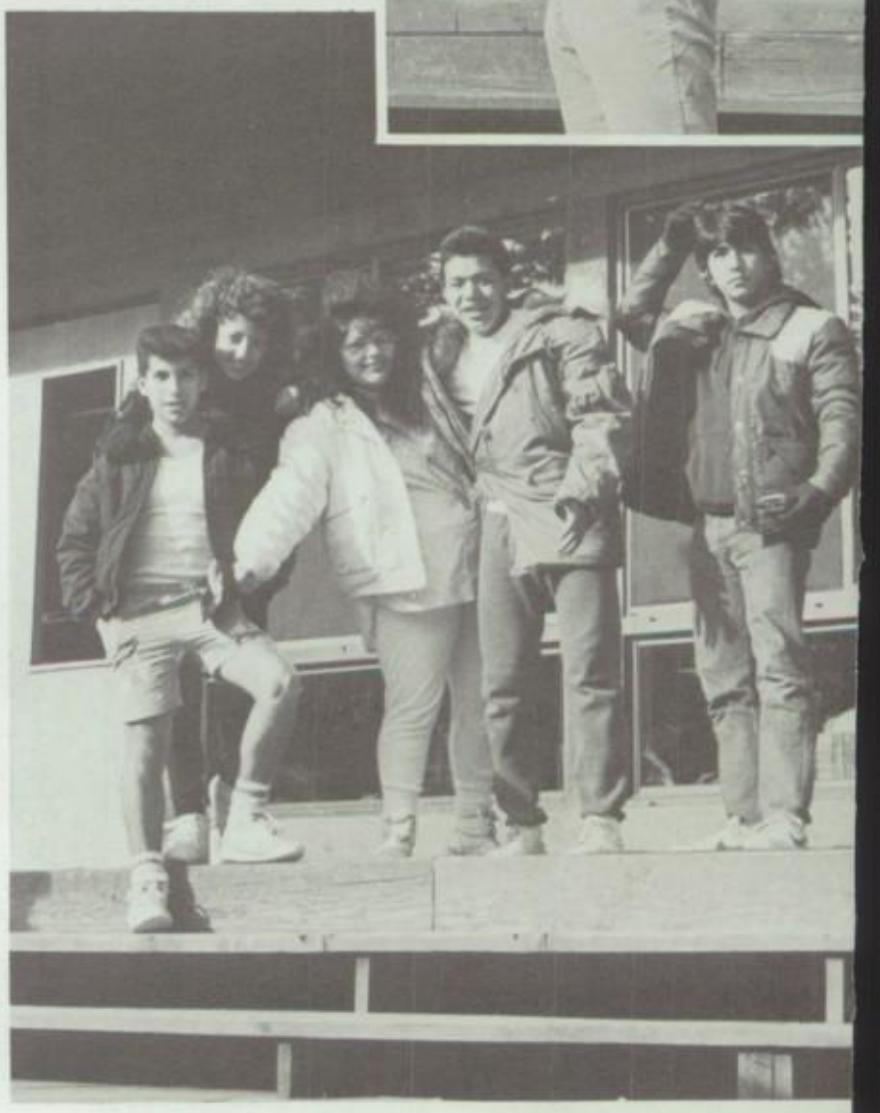
Sylvia and her pals, having a pleasant time and enjoying each other's company.

The emphasis of our lives as christians is to offer a helping hand to those in need. The motto of pope Pius X, "To renew all things in Christ," we renew our committment to society by offering our companionship with those who have no one to share life experiences with. The curriculum direction of the religion department is to instill a sense of love for the community, to work together in forming a program for the school. This program deals with an interaction with the students and the patients of Westview Convalescent Home.

It started with Mr. LaVigne bringing his senior religion class to Westview. Father Hill was asked, by the director of the convalescent home, to have the students come and interact with the patients. Today there is a pride in the attachment the students have with the people at the convalescent home. It is becoming a stronger and more rewarding bond.

Working together as a family. Helping others, while sharing thoughts and ideas with each other is the gift of the Seniors. The seniors have made many new friendships with the people of Westview, that they thought they could never make. These people have made some great comebacks, from not saying anything at all, to singing Christmas carols at Christmas time, along with the students. This was stated by the doctors at the home, they say that the folks really look forward to the daily visits with the students. It also gives the students a warm feeling to be a part of someone else's life, showing love for one another. These seniors have dedicated their time and shown their love for another by visiting with the elderly, by sharing a smile of joy with those who have no one. The family of Pius X High School along with Westview Convalescent Home have formed a bond, a bond that can never be broken because "Love is what makes the world go round" and makes our life span a little bit longer.

May this tradition be kept in each and everyones heart, and have touched everyone in their own special way, may this feeling of love be shared by many more . . .



Love Will Find A Way

"Love will find a way" were the words that we defined during our Junior/Senior retreat. We received a chance that doesn't come as often as we would wish. It was a time for the juniors, along with the seniors, to aquire a new understanding of each other, share our love, and share the gift of friendship with one another. Also it was a time to recall our problems and realize the better way to work them out. We learned that by merely having faith in our Lord, we could obtain the strength we needed to carry on. For many of us it was our first retreat and it was a good experience, as well as rewarding. There was such warmth and so much love involved with the students that made many of us realize that we need to thank God for having friends. There was a lot of love and respect for one another. Working as a team, we got the job done. We learned how to communicate with each other effectively, and that together we could take on the world. We all got the chance to become closer to one another, we saw new faces, even exchanged hugs; we actually felt comfortable sharing our feelings and thoughts with one another. It helped us relate to our Lord, interact with Him not only when in need, but also in thanks — which is what retreat is all about. Love did find a way . . . it found and expressed in more ways than we could ever imagined.

Be A Hero, Donate Blood

The side of the Red Cross van read "We're one family donate blood." At Pius X we became a part of that family, with our own addition to their slogan be a hero, donate blood."

On Febuary 18, the student committe arrived early to the gym to help the Red Cross prepare for the days event.

A new aspect, that added to the spirit of this community service was the availablity of stuffed animals. This idea was especially popular with Derick Luke. The animals provided security and encouragement for the donator of blood.

Approximently 50 pints of blood were donated to the worthy cause. Perhaps more might of been donated if the A.I.D.S. scare wasn't so popular. Prior to the blood drive Colette South and Sheila Pautsch informed religion and Government classes of the absence of the risk of contacting A.I.D.S. virus but there were still those who were afraid.

Responsibilities Of Christ

As a Christian community, we have a responsibility to others. Being charitable to others is our way of bringing a sense of self-worth. It is through this experience that our efforts to become a united community works.

This year's Food Drive headed by Ms. Dever and Fr. Campion, was a huge success. The student involvement was a major factor in making this drive work. All the students in this school were asked to contribute money and food for the cause. Many of the students were motivated to give by their homeroom teachers. They were asked to reach a goal of $120.00 per homeroom. Overall, the results of the Food Drive was good. We were able to feed 87 families. We hope the student body will continue to be warm hearted and have the desire of sharing a little bit of their wordly materials with the less fortunate.

The Christmas spirit was shown by the participation of the Toy Drive. There was willingness not only to give money, but to give of ourselves to different orphanages around our community. Such as: the Good Shepherd St. Miguel, and St. Lawrence. The money donated was used to buy bathroom toiletries for Los Padrinos Juvenile Hall and the Metro Mental Hospital.

We, as a community, try to bring hope to those people in need by participating in both the Food and Toy Drive. We share the responsibility of helping the poor with others because we try to live up to the ideal of Christ, in the caring and helping others. "We have come to serve, not to be served."

The Few, The Proud,

This year there has been many new changes in the A.S.B. Some changes were the combination of supervision by the government department and Activities office. This was done to give ASB a sense of governmental organization in hopes to involve more of the school. No longer is the weight of the school placed on the ASB officers and class officers, but now will be shared with homeroom representative and clubs, working in conjunction with Mr. Maistre and Ms. Gibbons, head of government department and with Ms. Carfino, Director of the Activities.

The 1986 Homecoming and Junior Ring Ceremoney were perfect examples of this sharing of preparation for the events. It brought individuals together who have something to offer and who are not elected into light. It showed that the school has hidden abilities that have never been tapped. This year's Senior and Sophomores were not held totally responsible for these entire activities. Responsibility was shared between the four classes and clubs. As a result Homecoming and Junior Ring were a shared success by all.

There is sharing in the planning of school events, there is a relay of information about upcoming events and fundraisers, the school now works as a unit composed of individuals from each class not just officers.

A Gift Of Sharing

Service organizations that represent our students involvement with school and community activities, are the assets of the National Honor Society/ California Scholarship Federation, Junior Statesmen of America, and The Social Action. The National Honor Society/California Scholarship Federation is for honor students with a 3.0 G.P.A. or higher. Members can apply every semester receiving points for A's & B's in certain academic areas. Enrollment for the club -H-. is recognized by all colleges and universities. It is also a mark of self-achievement for the individual. It has also been one of Pius' longest surviving clubs throughout the years. Under the dedicated leadership of Sr. Anne the club helps out with PFO Night, Open House, and the Senior Awards Ceremony.

The Junior Statesmen of America hold several mock debates throughout the year. These members gain valuable experience in the art of public speeking. They are motivated by the art of arguing things out. This club helps us to become aware of what is going on in the world.

The Social Action Club is the most active in school and community activities. Throughout the year, they have shown their christian services by giving so much of themselves to others. They have put in a lot of extra hours after school decorating boxes for the food drive, loading up the food in the truck, and going to different community to distribute food. They have shown a lot of kindness towards their fellow man. They have lived up the ideal of caring for each other. Our school has been greatly enriched by their participation in our community. With their continued success, Pius will always be the serving servant.

Throughout our high school years development and acceptance has become part of our life. Because of organizations like GAA, Lettermen, the Drama and Hispanic Clubs students of Pius X are able to share ideas and express their feelings of involvement.

The Lettermen and GAA are for the active and enthusiastic athletes which have done outstanding jobs in showing their astonishing abilities in the sport they play. They earn the credits to be in these organization and to be recognized by the entire school, the energizing performances put on each week for us.

The atmosphere of our campus is brought to life by the Drama Club. It shows the abilities of the students striving to teach a goal to one day reach that shining star on Broadway, which they have worked for throughout their whole life.

The Hispanic Club is a way of depicting our cultural background in which we show the traditional events where we celebrate them by having great festivals such as Cinco de Mayo. A historical feeling is brought forth from one generation to the other.

In all, we conclude that through the strong efforts, hard work and determination of all of these students, anything is possible by putting their minds to it. So keep up the good work and never give up the dream to be someone, and be that person without letting anybody get in your way! Go for it!

The Proud, The Dedicated Clubs!!!

The two most motivated journalistic staffs here on campus are the Tiara staff and the Sword and Shield. They captured the main events here at Pius, with great dedication. They both have managed to meet all the requirements in informing our fellow students.

The Tiara staff is made up of 13 members including the Sr. Publication Editor, Miss Gibbons. Throughout the year, they create new ideas for the '86-87' "Tiara." They spend extra hours in their effort to work hard on the yearbook. With continual work, the Tiara Staff has not only grown to be a working company but like a close net family. They help one another, they share all the good, bad, and rough times that the yearbook itself faces. As a staff theirs is a continuous non-stopping dedication. They will always be remembered as on of the school's most accomplished journalist.

The "Sword and Shield" works just as hard, their staff also brightens and informs the students of our campus. The Staff has 20 members and is currently under a new advisor, Mrs. Crammer. They are constantly on the go to get their daily events for their monthly paper. At the beginning of the month the editor assigns stories to be written. The reporters then gather the information, conduct interviews, while learning proper journalism skills. They perfect their skills with stories for the Sword and Shield Newsletter.

For all the journalistic quality, we have a career oriented club of Bio-Medical students. The Bio-Med allows for the opportunity to share their ideas and goals with Mr. Hamilton, their advisor. Each member is given the opportunity to develop their skills in the medical field. Through the teaching of CPR, students learn to save lives. To unite all the medically inclined, the bio-med have developed their own club shirt.

Since the "Tiara" and "Sword and Shield" show their true involvement to the school, they will always leave the best example of how a true working family should really be! The Bio-Med will always represent a true dedication to excellence and learning.

A Recipe For Spirit

The recipe for an outstanding Varsity Squad: are abundance of spirit, dash of flash, and a touch of pride. With their combined efforts they try to improve school spirit. The girls cheer the team on in victory or defeat, but no matter what they are always there with smiling faces to give hope to the players. Practices are very important to the cheerleaders. Their practices consist of hours of working hard to perfect certain cheers. This is a reminder to them, that they must make a lot of effort to achieve perfection. Every member must give 100% of their time and energy to the squad. Being on a Varsity Squad is a privilege, and they should feel proud in knowing they have achieved this goal.

The Varsity Cheer Squad has cheered our teams on throughout the years. They also show their school spirit by cheering to the people in the stands. They keep the crowd happy and excited by executing cheers and routines. Through the good and bad, they have always supported the players. Through their school spirit and dedication, they have shown to us what being a true cheerleader is all about. The fascination routines performed by the Song Squad have been exciting to watch. This squad catches your eye with their intriguing dance beat routines. They include happy smiles and cute expressions to entertain the crowd. They are quite delightful to watch, and each girl must keep harmony to the routine. This is what makes them a very special squad.

The Flag Team adds excitement and more spirit to the Pep Squads. Although in their second year has shown through. The color of the flags show the spirit of our school from across the field. Bright red and yellow flags add flare to each routine. They keep the crowd going with their fascinating stunt performances. Their lovely spirit and enthusiasm play an important role in cheering the team on.

These three squads unite as one to cheer on the players at every game. Their echoing voices have been a reminder of their support and spirit.

Together As One

One of the reasons many of the sports activities have been filled with excitement is due to the job done by 1986-87 Drill Team, J.V. Cheer, and Freshmen Cheer. They have helped the Varsity squads in promoting school spirit, and making this year a success.

The Drill Team has shown a great deal of enthusiasm. They have made up new cheers to help express the warrior spirit. With their new moderator, Ms. Carfino, the squad has greatly improved.

J.V. Cheer has well deserved our warm applauses with their outstanding performances. They are a fun-loving and energetic squad. They have a special way of expressing their uniqueness through their cheers. As J.V. Cheerleaders they are preparing to become members of the Varsity Squads.

Freshmen Cheer has been welcomed back this year as their own individual squad. The beginning of a cheerleader starts here. They are learning how to master the forms of cheering. This squad has alot of confidence and spunk, which has helped them in achieving their goals. For now their next step is to become a J.V. Cheerleader, where they will learn to perfect their movements.

With their echoing voices chanting from the stands, these squads help the Varsity squads cheer the team on. They give our players confidence and support.

Our department of music has excelled under the direction of Mr. James Drollinger. Our attention is captured by the harmony of the Warrior band and choruses. Together these groups make the beautifully wonderful sounds of triumph.

The Warrior band has demonstrated their talents to us by playing at all the football and basketball games. They play for the rallies, where they help the cheerleaders promote school spirit.

This year's Sarton chorus is composed of old and new talent. A lot of the girls from last year have supplied the chorus with their voices of experience. They have discipline their much accomplished voices. There are also a lot of new faces who have made valuable contributions. Sarton Glee are the newcomers to the world of music. Under Mr. Drollinger they will learn the basics of voice projection and will meld well with the voices he now has.

The school year is shown by the long hours of practice. Music has always been a field in which the emotions of the crowd is felt. Mr. Drollinger and his talented musicians will bring the joy of music to all that ear.

Mr. Palomo calls the Parent Booster Organization meeting to order.

Parents & Boosters

The parent organization at this school do so much for the students. The parent organization has developed ways to raise money and helped form much needed funds that our school needs for our educational programs. The Football Boosters work to bring us exciting football but help us raise enough money to have the programs at our school. The Basketball Boosters do the same as the football.

These parents put more time and energy into our school, so that we, the students, will have a better school. They work at all our games as our security, ticket collectors, fast food snack and souvenir sellers. They are our number one supporters no matter what happens in our seasons. They are always there. We may never know who they are but they are there in the stands, on the court, on the field, they cheer for not only their children but for the rest of us as well. We as a family pull together through their involvement with us.

We owe our parents so much, they have provided us with a "Behind-the-Wheel" driving program, they worked Bingo, which we are sorry to see leave due to the fact of the lack of participation, they helped raise money to send our phenomenal basketball team to the University of Nevada, Las Vegas, to compete against teams from other states. We are so "lucky" to have such great parents- "Thank you, we love you for all you have done for us."

Dedicated fathers of the boosters proudly watch their sons play at an away game.

Prom '86

If Only For One Night

The dreams and memories that began only a few years before, now became reality. The Junior class presented their gift of hopes for the future to the class of '86. The evening was a fond remembrance of what was and what is to be, not only for the seniors of '86 but for the up and coming seniors of '87. Precious moments shared with joys and sorrows led to a beautiful evening at the Sheraton Grandé Crystal Ballroom. The night was filled with excitement and held together with the sounds from "Love and Desire Musique" along with "The Gentlemen of Four Play."

The evening captured the true meaning of the friendships that had arisen from the many years we had all shared together. The tensions began to arise from the anticipation of who the new 1986 Prom Queen would be. Would it be Eula Jordan, who was involved with Social Action and Christan Services of the school, Sharon Alpaugh, who was involved with the blood drives and was commissioner of activities, Mira Jaisinghani who was heavily involved with all social activities of the student life here at school, Loretta Guzman, who was president of the touchdown club and was also involved in the concert band, Mary Byrne, ASB president and past captain of the drill team? Queen Pamela Vieyra was present with Albert Orozco as her escort, Pamela ready to crown the new queen. The queen should be an active person of the school throughout their four years here at Pius. They should have a devotion to what the school's needs are. This year's princesses all possessed special integrity to help them be the best of the school.

The evening ended with Mary Byrne, ASB president, being honored as Prom Queen, for her May 7, 1986 holds special meaning. For many, life changed as this nite and the memories will never be forgotten with all who came and were part of "If Only For One Nite."

Farewell '86

Senior Graduation Farewell

At the close of every school year changes begin to appear in all students. To Freshmen it means taking a step up, to Sophomores its a chance to become an upper classman and for the Juniors it's the long awaited oppurtunity to become a Senior.

For Seniors, though, it's the ending of high school and the beginning of responsibility and a new life. Throughout these four years the class of '86 went through many ups and downs, just like a family.

As June quickly arrived the seniors knew that their family would soon be broken up. To make these memories last, the seniors had the traditional Senior Dinner at The Plaza in Buena Park. Dinner was served buffet style and dancing continued beneath the stars. Tears filled many eyes as the evening closed and the seniors finally realized that this was it.

The day the seniors anticipated finally was upon us, June 6, 1986 - Graduation Day!! As the bleachers filled up with proud parents, friends and relatives of the class of '86 took one last look at each other and walked slowly onto the field. Emotions were in an uproar as the seniors waited for the presentation of the diplomas. Michelle Dixon, the class Valedictorian, spoke on the many changes in a young person's life. The moment the seniors waited 12 years for finally arrived. Rev. Monsignor Helmut Hefner presented the seniors with their diplomas. When each student received their "gift" there was a look of relief, joy, and sadness on their faces.

As the commencement exercises ended the seniors made their final departure. With tear flooded eyes the class of '86 began their lives as adults and walked out of Pius with pride and many happy memories.

Cinco De Mayo W/ Red & White Spirit

The excitement of May burns in the hearts of all students for many reasons. Uppermost is that there are only a few more days left of school but that the lasting memories of the year come now. We began the celebration of the ending of the year with a tribute to Cinco de Mayo.

Field day was filled with lots to eat, drink and having fun watching friends. The activities started with a dance troupe performance of the great heritage of the Spanish-American people. There was also a lip-sync contest with lots of players and laughs!

The spring concert set the mood for the last dreams for the year with music ranging from classical to comptempary. Mr. Drollinger and the combine choirs with the sounds of David Riskey's band brought tears and joy to the audience of parents and friends.

We end the celebration of May with a look at next year's football team and perhaps the advantage we may have in the upcoming season. The Red and White Game is the highlight of the end of the year. It is always on the weekend of Memorial. It is a time even for the girls to becoming involved through playing powderpuff — puff football - What fun to watch!!!!!!!!!!

Freshman Orientation

The beginning of recognition at Pius starts with the freshman year. To our surprise each of us receives compensation for our efforts through the years.

A tradition at Pius has always been with Freshman Orientation. This is a warm welcome from our principal Father Milbauer, Mrs. Kocourek, and Mrs. Ives with Ana Varela, the captain of Varsity Cheer. They are told what would be expected from them during this year. They were informed of all the activites in which they could participate. The students were then dismissed in order for them to familiarize themselves with their classes and teachers.

Brilliance and dedication are awarded to outstanding students. The students at Pius X were given awards for their excellence. This was an opportunity in which students received recognition for their academic achievements. In this way they have a chance to prepare for their Senior year.

Through the years we hope that these traditions will continue to help unite the student body. Both of these memorable events will be cherished. May these successes bring out the best in all of us.

A Special Blessing

To experience being a part of, the coming of age, having self worth, the working towards a goal, as juniors, there is a stepping towards maturity. The giving and receiving of rings plays an important part in an individual life. When each of us reaches that all so important threshold, we have symbols of remembrances. Rings were given as a symbol of unity and the everlasting bond one shares with another. The receiving of a ring from Pius represents that we will never be alone again.

On December 7, the Juniors of Pius X received an important part of the school. A symbol of desired knowledge, of a future beyond this year, an anticipation of what goes beyond. The rings were blessed and given to the Juniors by Father Milbauer. The ceremony, for the first time in a number of years, was held in the evening. The turnout was amazing. Family members, friends, and parents all were able to attend and be a part of this special moment.

This year's ceremony saw other changes, such as the Seniors, Sophomores, and Freshmen becoming a functional part of the ceremony. Each were given a part of the ceremony to perform and each brought a new meaning to this event. As Tamika Henry, Freshmen Class Officer spoke, "The ring is a bond that shows us that we will never have to work alone again . . ." because we are part of a great family.

Smiles were found all across the room when the juniors had finally received their rings.

Carfino smiling "It's almost over!"

Matt trying to catch the young lady's attention "Excuse me Miss, you've forgotten your flower."

Greg asking Jeff, "Hey Jeff . . . exactly what are we doing?"

Everyone watching their step.

Success in the Bingo and Walk/Jog-A-Thon has brought the Pius community closer together. It has opened our eyes to realize that together we can accomplish anything.

This year our school held its First Annual Walk/Jog-A-Thon on October the twenty-fourth to help raise money for the school. It was an enjoyable experience for all who participated. We can remember suitting up in our favorite running outfits and getting ready to run the track. But even if you decided to walk and listen to your favorite tunes, you also accomplished your task. Many of the students showed real determination to help the school by running more than a sufficient times around the track.

As in the past, parents contribute to our fundraisers by supporting them with their enthusiasm. On a weekly basis, parents come out and enjoy a friendly atmosphere developed from our Bingo games. Being part of the school's Bingo reward their hard work and own self of accomplishment to the school. The challenge of winning a game is what usually brings the players back for more.

Throughout the past years there has been a continuous effort to raise money for the school. But among those years, this year will stand out the most for accomplishments achieved. We thank all who participated in the fundraisers directly and indirectly with the school, and hope their constant efforts remain.

Don't bug me, I'm on a winning streak!

The day was filled with fun activities and various costumes. The enthusiasm of the students and the activities produced by the ASB had made Halloween a day to remember.

Classes from both levels enjoyed their day by disguising in costumes, bobbing apples, dress ups, and other such activities. Costumes ranged from hearts to dice. Spirit and cheer were shared by all. The success of the Halloween Costume Day brought forth the togetherness, hidden within everyone.

Students participated in games such as most humorous costumes and other categories. The lucky winners include Sandra G., Diane V., and Corina H.; most original, Oscar Orozco; scariest, Yamilette Stewart; prettiest, and William H.; most humorous. The sophomore class led the way during the Clash of the Classes with Allan D.

As the day came to an end, students plan their evening festivities. The Day's events and the holiday spirit well endured throughout the upcoming weekend. This year's ASB is well deserved of the school's gratitude and appreciation.

Homecoming

Always And Forever

There was something special about this occasion which could be defined as, a time where hugs and kisses were being exchanged, a time of recollection, looking, laughing, and crying, sharing the memories that once had dawned on them through their high school years. Pius has given many people so many things to be proud of; their success, their personal standards, and their dreams. Pius has had a great influence on their taking on a challenge, and never giving it up. Not much has changed here at Pius. Those standards still remain and are becoming stronger. The activities began with the election of the Senior Court. Something new was added this year, to bring unity and a stronger sense of spirit among the classes. A princess was chosen from each of the lower classes. Each of these princesses enhanced what was already going to be a spectacular court. The enthusiasm reached an all time high, when all the classes showed their spirit by wearing their class colors and decorating the school. The Princess Assembly was a splendid walk through Central Park. Everyone was pschyed for the game that night against St. Anthony's.

Anticipation, excitement, desire were the ingredients everyone felt as they walked into the stadium. A military honor guard started off the festivities. As the game progressed everyone could see the beginnings of the half time presentations start to formulate. The presentation began with a banner proclaiming "We are Pius Warriors"! The elegant display of the princesses in their convertibles brought the crowd to an all time climax. The highlight of the evening was the coronation of the Homecoming Queen. Everyone was at such a level of excitement as we watched a real warrior on a horse bring to Iliana Santos, last year's queen, the crown. Mr. Hodges announced the winner and Barbara Thompson almost dropped from pure surprise at her name being called.

This special occasion will never be forgotten by all who attended. We were able to exchange warm feeling with everyone we saw. No one can wait for the next reunion of Alumni and students.

Something About Christmas

"Something about Christmas time" was the theme for the year's festivity. Toys coming alive, ballerinas dancing around, Teddy Ruxskin talking away and the school's band and chorus doing what they do best. All this came together to succesfully fulfill everyone's enjoyment.

This was the excellent chance given to the Drama Club, Sarton Chorus and Advanced Band to show what their talents are. Long practice time was given to insure that everything would be all right. In the end everyone was satisfied with the outcome. Deep down inside, the theme of the evening was engraved in their hearts. Seeing all this cooperation to insure the true meaning of Christmas makes all of us content inside.

"Coming Home for Christmas" a song which invites the visions of mistletoe, family, presents and the wonder of St. Nick. At the Los Angeles Hilton Towers by the LAX, we experienced the feeling of coming home with travelers awaiting flights out, we saw and felt the joys of the holiday season.

This was the third annual Senior Christmas Ball. The Ball is attended by all the classes. It is a time when Freshmen and Sophomores can experience the formal dressing and dining of the adult world. Everyone who came to this event brought a glimmer and sparkle of the holiday season, even Santa made a personal appearance to celebrate with all. The music was provided by the "Gentlemen of Foreplay". The setting was enhanced by the illuminous lite on the Christmas trees.

At the end of the evening the sounds and the warm feeling stayed with everyone. On Friday morning everyone who went to the Ball shared their experiences and the fun they all had. No one wanted the nite to end.

THAT WAS THEN,

Michelle,

We made it! Its hard to believe we have been friends this long. We've had our good times and bad! I'll never forget the fun we had. I'll cherish every memory. Good Luck in San Diego. Thanks again. Never forget San Diego, Shamettes, monkies, Loyola (Greg), Moshell, Summer of 86' Andre, our little blue trucks, Lamonte, summer school, Dah-Dah, Gibbons, and how can we forget LaVerne.

Friends Forever, Love.
Sheila Sue
(Buffy)

THIS IS NOW . . .

Dear Buffy,

You're the best friend a person could have! I can't believe 10 years have passed — we've been through so much. How will we manage next year without each other? SUMMER 1986: Loyola (Greg!!!) — what a night, you'll never live it down!!! Shammetts and pung-yo's forever — want a bargain?? Of course PHS (Chip & Dray — we'll always be hookers!) Never forget LaVern — we'll think of you in S D. Thanks for being part of my life!

Love,
Moshell

Buffy,

These past four years have gone by fast. They have been fun and a lot of hard work. We have enjoyed watching you grow up into a very special young lady. I have enjoyed our closeness during these years and especially our outings to the University of Santa Anita. Best of luck to you in your next four years. Remember we are here if you need us.

Love Always,
Mom, Dad, & Shawna

CONGRATULATIONS TO THE CLASS OF '87

Well guys, looks like we've finally made it through these four years here. And it's about time to! I'd like to wish everyone in the senior class the very best of luck in the future. It's OUR time to move on. Cindy, my very best friend, thanks for everything. You were with me throughout these four years. Though the good times and not to mention the bad times. We've gone through so much together and I'll never forget you. I love you. Kristina, Leticia, Alva and my cousin Moe, you guys have got to be the weirdest of all, but hey you're one of me! We've still got to go out. Tell Kevin and Martin I miss them. Jeanie, Eileen, Joyce, Ann-Marie-the foursome. Monica, Margaret, Lisa, Scott, and Johnny- you guys are great. Edith, what can I say but thanks for everything. You better knock off you know what-or you're talking to my dad!! Oscar, David, Romo, You are crazy! To the best volleyball team members. Ferndano thanks for everything. Noe, Well, what can I say but it's been a great year. You'll always be someone special to me. But you better keep at those books for a while cause you still talk to much. I love you. To Jeff, Greg, Nate, Danny, and Alex-thanks for the memories. I'll remember your faces always. I love you guys And to the rest of my friends-Vero, Robert, Yuri (cabio), Arnie, Feo, C.C, The Molester, Eli, Orlando, Moses, B.J., Val, Ron, Julio, Jamie, my cousin Flo, Krazy Kathy, Carlos L., and to all I forgot to mention. A special thanks to my teachers for everything. If I've miss anyone I'm sorry. GOOD LUCK to everyone!!!!!

Love Always,
Tina Mendoza
Class of '87

Sandy,

Well as your senior year ends I hope you remember that you are very special to me. But dont you forget, because you know I love you very much. May your dreams come true and remember Casper and Moose always!!!

Well girls we finally made it-together! Just wanted to say thanks for all the laughter and craziness you've given me through the years, They will always be remembered. LOVE YOU FOREVER, Mikey

This is dedicated to the crazy foursome. We finally made it! I just want to say thanks for all the special times. I will always think of you, and I wish you guys the best of luck in the future and special thanks for making my years at Pius the best! LOVE YOU, Sandy

Words can't describe the friendship you three have given me. It means so much to me to think of all the things we have gone threw in our past four years. All our failures and successes, accomplishment and disappointments. The happy times we have shared and the sad ones. The greatest memory will be how we grown together and helped each other along the way!! LOVE and FRIENDSHIP, Dianna

Well honeys, Graduation is almost around the corner and let me tell you it's been great having you two as friends. Remember, Vero's slumber party, playing Quarters, Yeah, it was too crazy. But I will never forgive you guys for that extra skin, (you know what I mean!). Well I hope that the both of us or shall I say the majority of us should stay in touch, even till we're old and gray with 100 kids a piece. But most of all thanks for being Supportives Friends, I LOVE YOU.

LOVE EDITH

Special thanks and best wishes to the class of 87 WERE JAMING!!!

ROBERT: Quit scaming, no more of those monkey bites.

ARNIE: I hope your rag does not last forever.

TINA & CINDY: when are we gonna have another secret meeting.

ANDRE: Just don't get enough.

ANGIE: Hello is somebody there.

Paul: What would you think if I told you I've always wanted to hold you.

ORLANDO: Scratching behind the wheels of steal.

ELI: HELLO "HELLO", I think your studdering.

FLORENCE: Make your mind up, make the first move.

Well we've made if finally and our friendship has stayed and has gotten stronger by all the years. We shared alot of laugh together especially the sleep-over you had Vero-remember that "special" picture we all took but Edith had to do her own thing with baring so much skin! We gotta do it again but this time do the picture right — EDITH!

DANNY: you've been such a terrific person and the best friend anyone could ask for. Thank for everything-I'll never forget you & Magufas pera Quee Quee Santote magalage.

DINO & ERIC: you two have always been for me, we had some good times together. Thanks for being there for me.

MODY & VAL: you two gals were always with me through everything I've gone through. We shared many secrets, you both are like My "sisters". You will always be special to me!

VERA, TERESA, AND CYNDIE: you three "Angels" have been my hang around group through the year. Thanks for being such caring and "wild" friends.

CINDY: Hey Pud-Your a fantastic person and always there to help out. Your a great "Hon"

BRENDA & CELINA: the two most gossipy in Tiara.

Eric,
This past year together, we've accomplished many goals & have made many dreams, realities. I always Remember the special times we've shared together. Remember Oct. 9, Oct. 17, Christmas, Alameda, My special dinner, Disneyland & all the other occasions I may have forgotten. Remember these special times but also remember that there are nothing but more special times in the future.
LOVE YOU ALWAYS.

Yours Li

IN MEMORY

HIGHFLIGHT

Oh, I have slipped the surly bonds of earth,
And danced the skies on laughter-silvered wings;
Sunward I've climbed, and joined the tumbling mirth
Of sun-split clouds . . . and done a hundred things
You have not dreamed of . . . wheeled and soared and swung
High in the sunlit silence. Hov'ring there,
I've chased the shouting wind along, and flung
My eager craft through footless halls of air.
Up, up the long delirious, burning blue
I've topped the windswept heights with easy grace
Where never lark, nor even eagle flew.
And, while with silent lifting mind I've trod
The high untrespassed sanctity of space,
Put out my hand, and touched the face of God.

Acknowledgements

This year's 33rd volume of the Tiara has been a will of determing spirit. We have all experienced life through our own "Carrousel of Life" in placing this book into production. To the people who are deserving of the many thanks, these are the people to whom this book could never be without. They are committed to making this the best yearbook ever. With all our appreciation and warmest thank you's, which is very small in comparison to all their help and support which you have given us.

To Steve and Marianne Wagner, Josten's representative to our school and his beautiful wife, without these two there may never be a book. They are always there no matter what the size of our problem. Thank you both so very much!

To Gil Quesada and the staff at the Visalia plant, you are there to give a helping hand whenever needed.

To Wally and Tony of Wally's Photography, you are always there no matter what. You do so much and you are always willing to make our book better and better.

To Paul Pallan, to whom great thanks are so little for what you have done for this book. When needed because of an artist problem you came to the rescue. Paul, you are a beautiful and a fabulous person.

To Christina Mendoza, who made possible the final page to our senior section. Your abilities came through for our theme.

To Father Alfred, without you there would be so, so many many mistakes. You are the greatest proof-reader of them all. We love your comments to us about our mistakes and our new ideas.

To Father Milbauer, you allow us to work with a free hand and you place great trust in us. We hope never to let you down.

To Mr. and Mrs. Thiel, you are there to make sure we are running in the black and not the red.

To the Football and Basketball Boosters who are always there for us and all the students at our school.

To the Parent Organization for all your time and energy in bring to our school a "Behind-the-Wheel" program. We appreciate all that you do for our school.

To our advertisers and to all our patrons, we wish to extend our warmest thanks for their generosity, for without your patronage our book would cost so much more than it does now.

To Michelle Van Haarlem, who will graduate at St. Joseph's and be an Orange Jester, you are more than welcome to share our Warrior pride. You have given so much to this school and this staff, we are forever in your debt.

To Patricia Freeman, who never stop giving to her Alma Mater. Oh, Patricia there are not the words to express what you have given to this edition of the yearbook. You were always there when others were not. You are the "BEST LITTLE WARRIOR" Pius has ever produced. You will always be a big part of our lives — Thank you — I love you.

We had started as little itty-bitty freshman. Everything was new from being lost in the hallway, trying to find our class on time, to walking into a senior homeroom, being totally embarrassed, asking everyone "Where's the pool?" So many unanswered questions and yet there are still unanswered. Our expectations of high school were ones of being harrassed by seniors, being trashed off senior square, saving up all our quarters for the arcade. Giant teachers enforcing so many rules, it was hectic and hard to adapt to a new environment, but we somehow managed to get through it all.

Then sophomore and junior year became more of a challenge and more demanding. The work got harder and we got going. There was more expected now, we were slowly being prepared for the future. All throughout these three years we have grown to be much more mature towards many things for instance, we were building up our confidence and strived for our goals, and made them work.

Now, we have reached and climbed that final step toward becoming a senior and graduating. There were so many memories that we have all come to share both good and bad. There were so many friendships that grew so much closer throughout these four years. Now its time to go our own separate ways into brand new perspective of life. We have now been prepared for the different aspects of life. Now the time has come to say our good-byes and thank-yous to those who have helped us.

Thank-you to all the faculty members, a special thanks to those who respected our opinion and gave us the encouragement to go on. To all who took the time to explain a lesson over and over until we had a full understanding of the topic. They were always willing to listen to us even with our personal problems. They were counselors as well as friends. We thank them for everything. They have molded us into fine young ladies and gentlemen. We love you and will miss, we will cherish the memories you have given us. Love the class of 87'.

Dear Raelyn,
We really didn't talk that much at the beginning of the year but towards the end we started talking and even got caught cheating Remeber? It was really fun getting to know your a crazy and wild girl don't ever change the way you are. Thanks for your help when i was in trouble or had problems with Oliver. I hope we can become closer friendz in the future. Good luck in everything you do and w/Glenn. Your friend Have the best summer ever especially w/Glenn. Always, Deli

Raelyn-

When your uncle told me that his neice was going to be in chorus, I expected to see a short, skinny, balding girl, with a scratchy voice. Instead, I got a short, skinny, balding, girl, with a great voice! Thanks for joining our musical family. I expect great things from you in future years.

Keep up the great work!

Much love,
